

Certificate of Compliance

4/26/2019

Our products are manufactured or purchased to the following specifications where applicable. Each product is manufactured or supplied to Inline Design Group to meet the proper specifications as referenced to the IBC 1607.8.2015, ASTM A240, ASTM B18.3.5 and ASTM A492-95 for that product when such specifications exist.

All Parts manufactured using AISI 316 or AISI 316L stainless steel.

This document certifies that the products purchased are deemed to be manufactured in compliance to meet the specified standards when used in accordance to engineering directives.

This document also certifies that the materials declaration, if one was provided, by Inline Design Group, INC is accurate to the best of our knowledge.
